

Date – 15<sup>th</sup> March 2020

## PRESS RELEASE

Dear all,

In light of the public health emergency of international concern (**COVID-19**) and in consideration of the risk mass gatherings and non essential travel entail, we have made the unfortunate yet necessary decision to postpone the **National General Assembly** and the **election** of the **EB TO 2020-21** until further notice.

We understand that this is disappointing news for many of you however given the fast evolving situation and an eminent threat a mass gathering can pose, we have the responsibility to act thoughtfully and we all need to make prudent choices to protect the health of our society.

We plan on having the NGA at a later date, after the pandemic subsides, at a time when we can ensure full safety of our beloved delegates.

Please await further instructions via email.

Wishing you and your loved ones safety and good health.

Regards,

GEETANSHU SINGLA  
PRESIDENT (2019 - 20)  
Medical Students Association Of India
